Anoushka Sethi

asethi2@andrew.cmu.edu - 412-954-8822 - Pittsburgh, PA - www.linkedin.com/in/anoushka-sethi-9493151b6/
Architecture student with a focus on creating environmentally and socially responsible spaces, seeking internship opportunities for Summer 2025.

EDUCATION

Carnegie Mellon University - Pittsburgh, PA   *05/2026*
Master of Architecture, GPA: 4.0

Institute of Architecture and Planning, Nirma University- India   *08/2017 - 05.2022*
Bachelor of Architecture

WORK EXPERIENCE

Research Assistant, School of Architecture, CMU, Pittsburgh, PA,   *09/2024 - Present*
- Supported and contributed to research on the evolving role of cultural institutions in society, contributing to the development of critical frameworks for understanding their architectural and social functions.

Architect, MODO Designs, Ahmedabad, India   *03/2023 - 06/2024*
- Led the design and execution of residential projects (15,000+ sq. ft.), as well as university (220,000 sq. ft. site) and corporate house projects (65,000 sq. ft.), managing all phases from conceptualization to completion.
- Conceptualized and designed architectural solutions using AutoCAD, Rhino, and SketchUp, delivering functional, aesthetically pleasing designs while ensuring regulatory compliance.
- Produced and delivered detailed architectural drawings, ensuring structural integrity and material selection were tailored to the specific needs of each project, from residential to large-scale corporate and academic spaces.
- Coordinated and managed all project phases, overseeing site activities, liaising with consultants, and ensuring seamless integration of design, structure, and systems.
- Led client presentations and incorporated feedback to refine designs, ensuring final outcomes aligned with both client expectations and technical requirements across various project types.

Intern Architect, Synectic Partners, Bangalore   *01/2021 - 06/2021*
- Contributed to the conceptualization and design of architectural projects, creating detailed working drawings and collaborating with the team to meet project objectives.
- Coordinated with site and consultancy teams, handled material selection, and assisted with client presentations, ensuring seamless project execution and client satisfaction.

ADDITIONAL EXPERIENCE

Rhino Tutor, Lomos Archilabs, Bangalore, India   *09/2022 - 02/2023*
- Taught Rhino and Grasshopper to over 250 students, delivering engaging lessons that enhanced their skills in architectural design and computational tools.
- Recognized as Tutor of the Month in December 2022 for outstanding teaching performance and student engagement, receiving praise for clear communication and effective learning strategies.

Freelancer, UpWork and Fiverr   *05/2021 - 06/2024*
- Provided architectural and interior design, custom furniture and logo designs, 3D modeling, rendering, delivering high-quality, client-focused results.

SKILLS

Software: AutoCAD, Rhino, Grasshopper, SketchUp, Revit, Lumion, D5 Render, Adobe Illustrator, Indesign, Photoshop, GH Python, Microsoft Office Suite, Google Suite.
Methods: Model Building, Perspective Drawing, Hand Drafting, Digital Fabrication, Woodworking
Relevant Coursework: Generative Modeling, Environmental Studies, Structures, Materials and Constructions, Architectural Theory
